Ann Arbor, MI

Anticipated enrollment: Master of Accounting (MAcc), 2026-2027

- GPA: 3.534/4.000
- Course Highlights: Marketing Management (MKT 302), Making Financial Decisions (FIN 302) Calc II, Micro/Macro Economics, Web Systems (EECS 485), Intro to AI (EECS 492), Software Engineering (EECS 481)

Universidad de Alicante

May, 2024 – June, 2024

Spanish Study Abroad

Alicante, Spain

- Engaged in 5-hour instructional days, 4 days a week, with weekend educational treks, conducted entirely in Spanish, leading to significant improvement in writing, reading, and grammar abilities, receiving an A+ in all courses
- Interacted daily with locals and host family exclusively in Spanish, gaining a deep understanding of Spanish culture and fostering growth in listening and speaking abilities

EXPERIENCE

Detroit Neighborhood Entrepreneurs Project

Jan 2025 – Present

Data Analyst

Detroit Metropolitan Area, MI

- Worked closely with a team of accountants and entrepreneurs to establish bookkeeping, accounting, and financial reporting systems during weekly in-person 1:1s which helped businesses qualify and apply for capital at CDFIs
- Collaborated with a team of 5 Accounting Consultants, 2 program managers, and a retired partner to deliver DNEP's CFO Boot Camp workshop series (3 sessions, 105 registrants, 52 certificates issued)
- Established databases, dashboards, and automated workflows for monthly conventions of 150 Detroit partners (accelerators, lenders, nonprofits, government officials, etc.), streamlining anonymous case intake, roundtable discussion, and follow-up; published outcome reports (\$529K loans, 44 referrals) to funders like NEI and NSF
- Automated workflows for internal staff daily briefing emails, program-wide end-of-day report emails, online scheduling, and client data collection for 12-18 weekly consultations, cutting prep time 15 min/meeting
- Implemented end-to-end course matching systems connecting 1,400+ entrepreneurs to 11 University of Michigan courses across 9 colleges including Ross (finance & marketing), STAMPS (art & design), Engineering, Law, Social Work, and Information, resulting in 56 course applications and 101 staff hours saved of manual evaluation (\$4,040)

MHacks Hackathon

Sep 2024

Hackathon Winner - SongChaser

Ann Arbor, MI

- Awarded "Intel - 3rd Place Best Use of Intel AI" out of 132 projects, winning \$1,500 and 3 Intel GPUs
- Deployed A* and KNN ML algorithms on a Flask app trained on 10,000 song CSV using Intel's AI PC
- Gamified the project allowing users to authenticate with Spotify and compete against each other in real-time

Streetmeet Inc

June 2024 – Aug 2024

Front End Developer

Ann Arbor, MI

- Collaboratively built a full-stack mobile application using React Native, Kotlin, Swift, Rust, and MongoDB
- Gained hands-on experience in pair programming, code reviews, Git version control, and Figma-based design collaboration, contributing effectively to a cross-functional team and coordinating closely with the project manager

Ross School of Business - Center for Centers

Jan 2023 – May 2024

Front Desk Clerk

Ann Arbor, MI

- Analyzed and researched client data for the Detroit Neighborhood Entrepreneurs Project, developing Python scripts to automate Excel workflows, resulting in a full-time offer
- Coordinated logistics for acceptance packages and event materials for Ross graduate programs, including the MAcc
- Managed front desk for a multi-program suite, fielding student questions and scheduling meetings with faculty
